
Country Manager for Anglophone Africa

The Extractive Industries Transparency Initiative (EITI) International Secretariat is now recruiting a full-time **Country Manager for East and Southern Africa** to join the office in Oslo, Norway.

This position offers the chance to work in an international and vibrant working environment helping citizens of resource-rich countries benefit from their natural resources and to work on subjects at the cutting edge of development and the extractive industry.

We are looking for a highly motivated, dynamic, detailed-oriented, political and research-savvy individual with sharp analytical skills, who can manage competing interests and stakeholders relations in EITI member countries in East and Southern Africa.

We offer a competitive salary and will consider requests to provide financial support to cover relocation costs based on circumstances and financial need.

Key responsibilities

1. Provide strategic direction and oversight of implementation in Anglophone African EITI countries (Ethiopia, Malawi, Mozambique, Tanzania, Seychelles and Zambia), including assessing and responding to opportunities for new engagements and bringing together regional priorities.
2. Encourage innovations and better use of EITI as a tool to improve natural resource governance, strengthened EITI implementation and disclosures, and support peer learning opportunities.
3. Develop tools for monitoring progress with implementation and support the team in preparation of training and Validation missions.
4. Provide analysis and training, produce communication materials and update website content related to EITI implementation in the region.
5. Support outreach activities in other countries in the region (with particular focus on Angola, Uganda, South Africa and Zimbabwe).
6. Support Regional Directors in the production of EITI publications and other relevant documentation, including Board papers.

Required Qualifications

- Relevant advanced university degree. Bachelors degree is required. Masters degree is highly desirable.
- Excellent command of written and spoken English. Portuguese is highly desirable, but not required.
- Experience in natural resource governance and knowledge of the region.
- Experience with the mining industry, the oil and gas industry, Public Financial Management (PFM), or Audits is highly desirable.
- Experience working in an international environment and with international partners is an advantage.
- Experience working with databases and websites is an advantage.
- We particularly welcome applicants from within the region.

How to apply

To apply please visit our [website](#) or go directly to our [application portal](#) no later than close on 31 August 2019. Please note that we will **not process** applications received via email.
