

Subnationalizing Extractives Transparency Ushering Participatory Governance (SET-UP-GO)

Manuel Rodriguez II

National Coordinator

Philippine Extractive Industries Transparency Initiative

Why the need to subnationalize the PH-EITI?

Develop value-adding activities and downstream industries of the mining sector¹

Mineral resources of the country to be used for industrial value-addition and domestic processing. Rise in demand for critical minerals presents opportunity.

Implement appropriate tax regime for extractive industries and pollution²

Efficient taxation of extractive industries intend to ensure the state's appropriate share of revenues, manage safety and health risks, and mitigate environmental impacts.

Deepen participatory governance³

Management of costs and benefits of extractive to be improved through sufficient and functional participatory spaces, broadening public access to information, and improving quality of participation.

Enhance ecosystem resilience⁴

Monitoring the compliance of extractive industries to existing environmental laws, rules, and regulations shall contribute to intensifying ecosystem protection, rehabilitation, and management.

¹ Under 2023-2028 Philippine Development Plan (PDP), Outcome 6.2.2

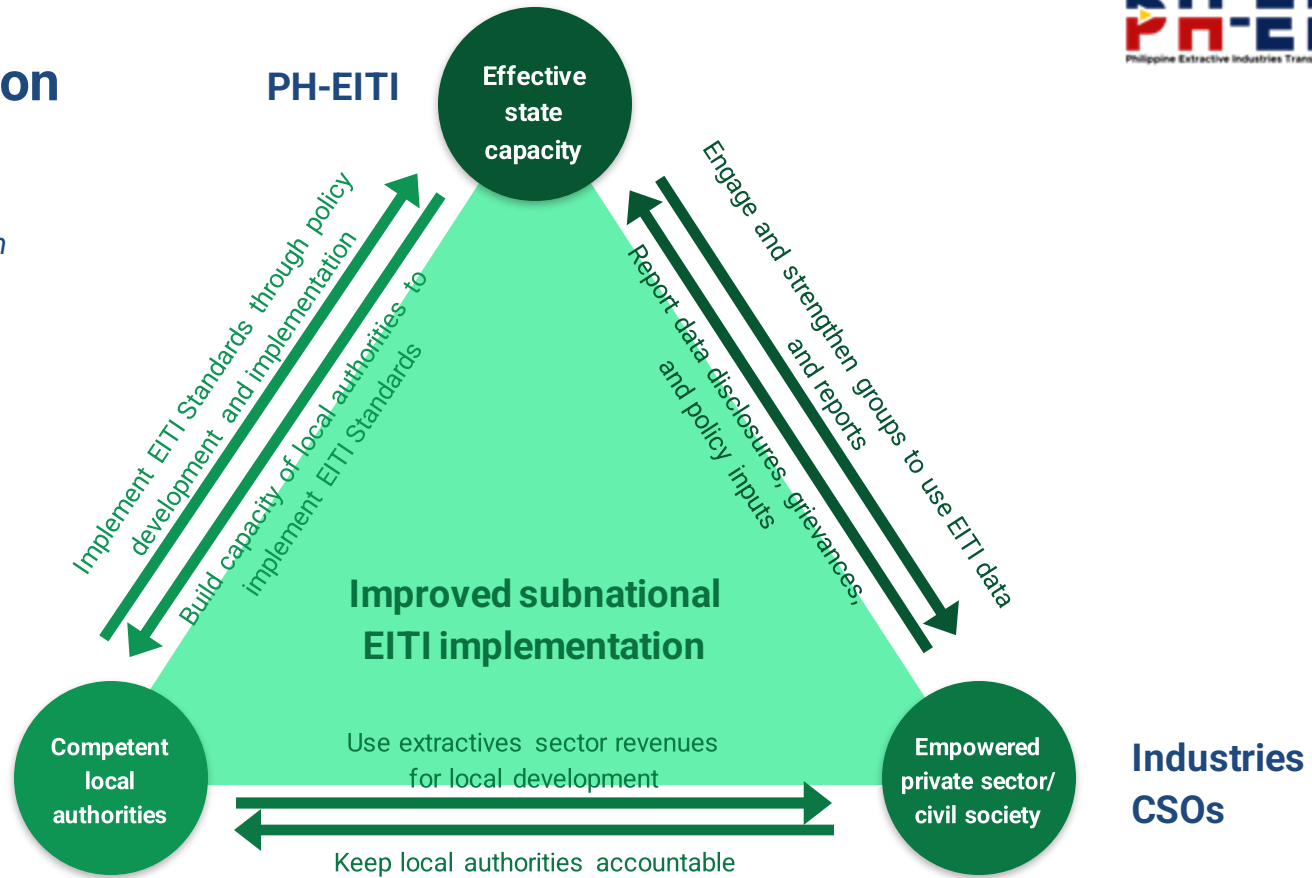

² Outcome 11.2.1

³ Outcome 14.1

⁴ Outcome 15.2

Subnationalization framework

Modified from decentralization framework defined in the 2003 UN HDR

Planned actions (FY2024 onwards)

	Improve capacity for reporting extractives data	Strengthen stakeholder support for EITI processes	Reinforce impact of EITI on extractives governance
Effective state capacity	<ul style="list-style-type: none"> Develop Central Mainstreaming Platform 	<ul style="list-style-type: none"> Develop JMC across NGAs to harmonize reporting guidelines 	<ul style="list-style-type: none"> Develop policy recommendations using EITI insights
Competent local authorities	<ul style="list-style-type: none"> Orient and capacitate subnational bodies on EITI processes 	<ul style="list-style-type: none"> Train local authorities on participatory budgeting and policymaking using EITI data 	<ul style="list-style-type: none"> Feature success cases of subnational PH-EITI actions in the Annual Report
Empowered private sector/ civil society	<ul style="list-style-type: none"> Train industry and CSO stakeholders in navigating the Central Mainstreaming Platform 	<ul style="list-style-type: none"> Establish feedbacking and grievance mechanisms 	<ul style="list-style-type: none"> Involve and capacitate local companies/CSOs to participate in governance processes

What results can we expect from the PH-EITI subnationalization?

Improved capacity for reporting extractives data.

Strengthened stakeholder support for EITI initiatives.

Reinforced impact of EITI on extractives governance.

Established mechanisms for reporting.

Established system for monitoring and reporting.
