The website provides the public with complete information required and encouraged by the EITI Standard in Open Data formats

# EITI Report

- EITI 1st Report of Armenia was published in December, 2018
- It covers **2016-2017 FYs**

The screenshot shows the Armenia EITI website. The header includes the logo 'ARMENIA EITI Extractive Industries Transparency Initiative', a search bar, an 'Online reporting system' link, and a language dropdown set to 'ENG'. A navigation menu contains 'About EITI', 'EITI Process in Armenia', 'MSG', 'Media Center', and 'Helpful Materials'. The main content area is titled 'EITI Report' and features a '2018' badge above a clipboard icon with a bar chart. Below the icon are three links: '2016-2017 EITI FIRST REPORT OF ARMENIA (Armenian).pdf', '2016-2017 EITI FIRST REPORT OF ARMENIA (English).pdf', and '2016-2017 EITI SUMMARY REPORT OF ARMENIA (Armenian-English).pdf'. The section is titled 'EITI First Report of Armenia 2016-2017' and includes a short introductory paragraph.

### EITI First Report of Armenia 2016-2017

The Republic of Armenia publishes the first National EITI Report of Armenia, which represents the metal mining sector in Armenia in 2016-2017. The report was compiled by Ernst & Young CJSC, the Independent Administrator, and approved by the EITI MSG of Armenia.

**Compiled by Ernst & Young CJSC**

# Online Reporting Platform [reports.eiti.am](https://reports.eiti.am)

The Online Reporting Platform [reports.eiti.am](https://reports.eiti.am) was created in June 2018  
All the metal mining companies and government State Bodies submitted [online reports](https://reports.eiti.am) for the First EITI Report.

The screenshot displays the Armenia EITI Online Reporting Platform interface. The header includes the logo for Armenia EITI (Extractive Industries Transparency Initiative) and navigation options for 'Մուտքանուն' (Username) and 'Գաղտնաբառ' (Password) with 'Sign in' and 'Sign up' buttons. A 'Download the Guide:' link is also present. The main content area features a 'Reports' section with two sub-options: 'Browse companies' PDF reports' and 'Find PDF reports of government agencies'. Below this, a message states: 'To view the report, please select the report type, date and other filters respectively and click "Apply".' The filter section includes three input fields: '\* Select report type' with a dropdown menu showing 'Name of the organization', '\* Select Year:' with a dropdown menu showing 'Ընտրել տարին' (Select year), and '\* Select the organization' with a text input field containing 'Կազմակերպության անվանում' (Organization name). An 'Apply' button is located to the right of the organization input field.

# Registration

Online reporting entities registration

## 27 METAL MINING COMPANIES

## 3 STATE BODIES

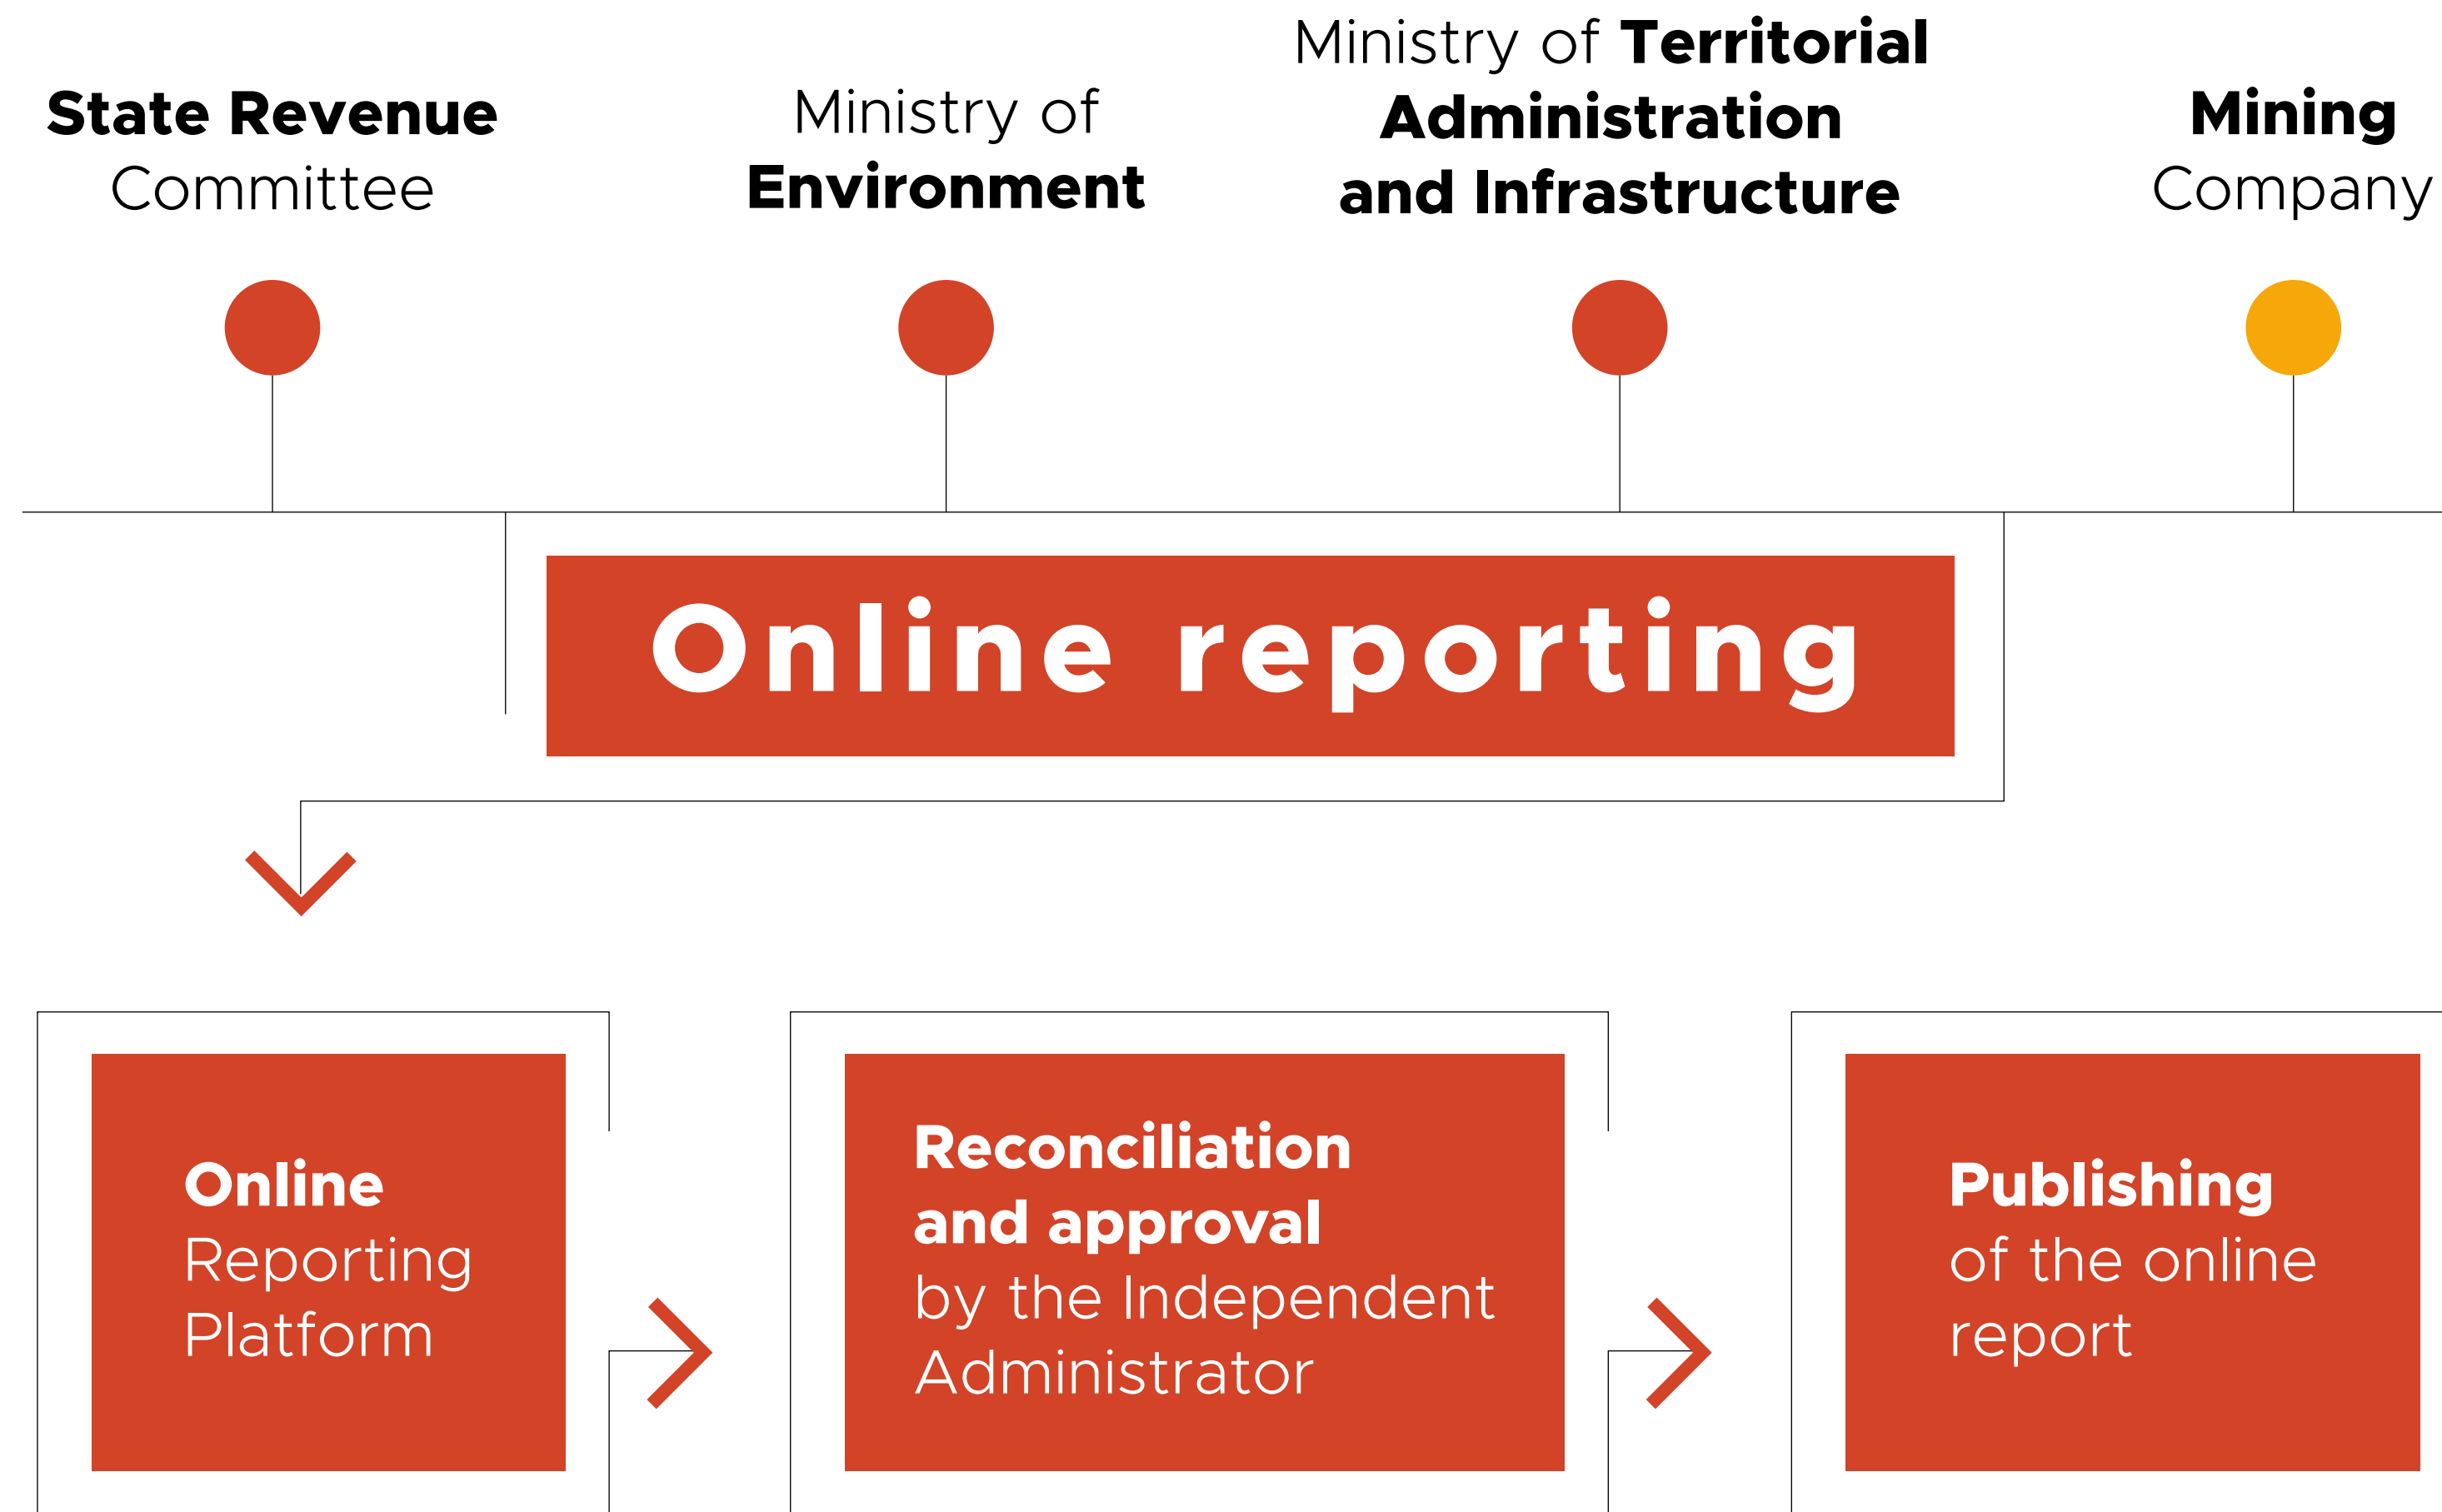

- State Revenue Committee
- Ministry of Environment
- Ministry of Territorial Administration and Infrastructure (communities)

The screenshot shows the registration page for the ARMENIA EITI Extractive Industries Transparency Initiative. The page header includes the logo and navigation links in both English and Armenian. The main content area is titled "Registration" and provides instructions for users. Two tabs are visible: "Governmental body" (selected) and "Mining Company:". The form fields are as follows:

Governmental body		
Governmental body (dropdown)		
* Name:	* Last name:	* Position:
<input type="text"/>	<input type="text"/>	<input type="text"/>
* E-mail: mail:	* Phone number:	* PSA:

# www.geo-fund.am

## Digitized database of the Republican Geological Fund <https://www.geo-fund.am/en>

The screenshot displays the website's interface. At the top left, there are language selection buttons for 'huj', 'eng', and 'pyc'. The main header features the Republican Geological Fund logo and name. A navigation menu on the right lists: 'About us', 'Historical overview', 'News', 'Contact us', 'Library', 'Regional and other reports', 'Issued permits', 'Passports of mines and ore occurrences', and 'Useful materials and links'. A search icon is located in the top right corner.

The main content area contains a paragraph: "The purpose of this project is to increase the transparency of government operations and make accessible the public information available in government bodies. Project proposes complete digitization of reports available in fund and through this web site make them available for a public."

Below the text is a 3D infographic of a landscape cross-section. It shows a green hillside with a tree and a waterfall. Three circular callouts provide data: '1278 Non metallic reserves', '68 Underground water reserves', and '173 Metallic reserves'. The base of the infographic has a vertical scale on both sides with markings at 0, 3000, and 6000.

At the bottom, the title 'Natural resources of the Republic of Armenia' is displayed. Below it is a 'Filter' button with a funnel icon, a search bar with the placeholder 'Search' and a search icon, and two view options: 'table' with a list icon and 'map' with a map icon.
