Paramaribo, 24 March 2017

The Chair of EITI International Board

Att.: The Regional Director of EITI International Secretariat

Mr. Francisco Paris

Re: Submission Suriname's EITI Candidature Application

Dear Mr. Paris,

As EITI Champion for Suriname, I am pleased to submit Suriname's EITI Candidature Application as endorsed by the Suriname EITI Multi-Stakeholder Group (SEITI MSG). The SEITI MSG consists of equal representation from civil society, companies and government. The application represents a great deal of commitment from all constituencies.

The Government of Suriname is committed to increase transparency in the extractive sector and we believe that the citizens of Suriname will benefit from the increased transparency brought by the EITI.

Please find enclosed the completed application form along with supporting documentation, the endorsement letter of the SEITI MSG and a list of their contact details.

I trust that you will find our application in order and look forward to hearing the conclusion of the Extractive Industries Transparency Initiative (EITI) Board.

Sincerely yours,

Regilio Dodson

(SEITI Champion/ Minister of Natural Resources of the Republic of Suriname)
